A brand-new, unused, unopened, undamaged All-In-One ePrinter in its original packaging.

The HP Photosmart 6520 All-In-One Inkjet Printer is the easiest way to print directly from your smartphone or tablet. Print from your computer, either through the wired or wireless connection. Rapidly print out pictures thanks to the outstanding 22 ppm printing speed. Plus, you get printouts with clear, crisp definition. With its compact design, it takes very minimal desk space, not to mention, the automatic paper tray disappears when not in use. Easily adjust the resolution, layout, and sharpness to your preferred levels. Lastly, it is not just for printing pictures; as an all-in-one printer, you can print, copy, fax, and scan from the unit.
